Of the 1000 hour training program 750 hours must be synchronous. Students will be allotted a 5 year period to complete the training program from the date of the first module. Should unforeseen circumstances arise, an alternative plan will be provided on a case-by-case basis at the director's discretion. For an absence to be excused, please inform the faculty member and email info@pranayogaschool.com. Videos must be watched, online exams taken, and mentors must pass you for missed modules. If assignments are incomplete, an absence is unexcused, or you have surpassed the 5 year period, you may be required to retake the course at 40% of the individual module pricing. Asynchronous learning will require watching the videos and taking the quiz at the end of the online course as well as completing the course assignment with accuracy and approval by your course mentor. Additional mentoring fees may be charged for contact hours, if taking a course asynchronously that is required as synchronous course material.

Pre-registration is necessary to ensure we have a minimum of 4 participants for modules to be rescheduled. However, Pranayoga Institute will not cancel the Training once it has begun. In the event of bad weather, family emergency, illness, or other unforeseen circumstances that require canceling a day of Training, the missed hours will be made up in a reasonable manner to be determined by Pranayoga Institute.

Transfer Policy Statement

Wish to transfer credits from previous trainings? Students may request transfer of hours earned at another educational institution to Pranayoga Institute.

Procedures:

Students seeking to transfer hours earned at other yoga therapy schools, specialty certifications above 200-hour certifications, such as yoga for trauma or teaching yoga to special populations, must provide verification from the training program(s) and must include the following:

1. Course name
2. Course description
3. Course syllabus

SATTVA THERAPY®

Yoga Therapy Training Program

4. Contact and non-contact hours earned
5. Yoga therapy competencies covered

Pranayoga must receive this information directly from the other training program. Our faculty will evaluate the information based on hours obtained, core yoga therapy competencies covered as outlined through International Alliance of Yoga Therapy, and alignment with the curriculum at Pranayoga Institute. Applicant transcripts or certifications will be reviewed by admissions and faculty to determine which courses would transfer to Sattva Yoga Therapy.

Transferred hours may act as pre-requisites to level 2 principles courses, yoga for certain populations/conditions, Ayurveda trainings, or health vs disease if applicant has had adequate training that meets or exceeds course competencies.

A specific class or program, on name value such as Yoga Therapy for Cancer, may or may not be a direct equivalent for one offered at Pranayoga Institute, because competencies, hours, or required non-contact hours may differ and would not prepare the student for mentorship.

Additional Requirements:

To aid the faculty in determining that transfer hours match competencies, the requesting student must also complete the following:

1. Application Fee of \$150
2. A General 30-minute teaching video playing to their strengths
3. Completion of acceptance exams delivered for each program
4. A mentorship interview
5. \$3 transfer credit fee per hour transferred.

Limitation to Transferred Hours:

1. A maximum of 300 transfer hours from sources outside of the program or its affiliated school.
2. A maximum of 600 hours from inside the program's affiliated school.
3. The total maximum transfer hours from all sources must not exceed 600 hours.
4. Prerequisite hours, such as 200-hour certification are ineligible as transfer hours.
5. All students must complete the final practicum with mentorship at Pranayoga Institute.
